Subject: Label Amendment - Registration Review Mitigation for Prallethrin
Product Name: TC-323
EPA Registration Number: 499-550
Case Number: 472995
Application Dates: March 2, 2021

Dear Amy Dugger-Webster:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Prallethrin Interim Decision, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling and must be used at your next label printing. You must

submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact Rachel Fletcher by phone at 202-566-2354, or via email at fletcher.rachel@epa.gov.

Sincerely,

A handwritten signature in blue ink that reads "Cathryn Britton". The signature is fluid and cursive, with the first name "Cathryn" and last name "Britton" clearly distinguishable.

ENCLOSURE: Stamped label

{NOTE to PM: [Bracketed text is optional text.] Text enclosed in "{}" is information for the reviewer and not part of the label.}

ACCEPTED

02/26/2026

Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended, for the
pesticide registered under
EPA Reg. No.

499-550

Prallethrin

Group

3A

Insecticide

TC-323

{ALTERNATE BRAND NAMES:}

[ABN #1: Prescription Treatment™ brand Wasp-Freeze® Wasp & Hornet Killer Formula 2 {added via Notification 6/15/11}]

ABN #2: Wasp-Freeze® Wasp & Hornet Killer Formula 2 {added via Notification 12/18/12}

ABN #3: PT® Wasp-Freeze® II (w/descriptor: Wasp & Hornet Insecticide) {added via Notification 6/21/13}

For use outdoors and indoors only in attics & crawl spaces.

KILLS ON CONTACT FROM 15 FEET AWAY

KILLS: Bees, Hornets, Spiders, Wasps, and Yellowjackets

ACTIVE INGREDIENT:

Prallethrin [(RS)-2-Methyl-4-oxo-3-(2-propynyl) cyclopent-2-enyl-(1RS)-cis, trans-chrysanthemate]. 0.1%

OTHER INGREDIENTS*: 99.9%

TOTAL: 100.0%

* Contains Petroleum Distillate

EPA Reg. No. 499-550

EPA Est. No.

KEEP OUT OF REACH OF CHILDREN

CAUTION/PRECAUCIÓN

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.
(If you do not understand the label, find someone to explain it to you in detail.)

FIRST AID	
If in eyes	• Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. • Call a poison control center or doctor for treatment advice.
If on skin or clothing	• Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15 to 20 minutes. • Call a poison control center or doctor for treatment advice.
If swallowed	• Immediately call a poison control center or doctor. • DO NOT induce vomiting unless told to do so by a poison control center or doctor. • DO NOT give any liquid to the person. • DO NOT give anything by mouth to an unconscious person.
HOTLINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), you may contact BASF Agricultural Solutions US LLC (hereafter "BASF") at 1-800-832-HELP (4357), twenty-four (24) hours per day seven (7) days per week.	
NOTE TO PHYSICIAN: This product contains petroleum distillate. Vomiting may cause aspiration pneumonia.	

Precautionary Statements

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and launder before reuse.

Environmental Hazards

DO NOT apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. **DO NOT** contaminate water by cleaning of equipment or disposal of equipment wash waters.

Physical Hazards

Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. **DO NOT** puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. **DO NOT** spray directly into any electric equipment (e.g., HVAC systems) or where electrical short circuits might result (e.g., outlets, conduits, motors).

Directions For Use

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

READ ALL DIRECTIONS COMPLETELY BEFORE USE.

Use Restrictions

- **DO NOT** allow children or pets to contact treated surfaces until spray has dried.
- When using in an attic, **DO NOT** contaminate stored items, HVAC systems, water heaters, or other nonstructural items.
- **DO NOT** make applications during rain. Avoid making applications when rainfall is expected before the product has sufficient time to dry (minimum 4 hours). Rainfall within 24 hours after application may cause unintended runoff of pesticide application.
- **DO NOT** allow to enter indoor or outdoor drains. *No permita la entrada a desagües internos o externos.*

- Follow proper disposal procedures on this label. *Siga las indicaciones del etiquetado para el desecho apropiado del producto.*

Resistance Management

This product contains a **Group 3** (prallethrin) insecticide. Any insect population may contain individuals naturally resistant to this product and other **Group 3** insecticides. The resistant individuals may dominate the insect population if these insecticides are used repeatedly in the same areas. Appropriate resistance management strategies should be followed. For further information or to report suspected resistance contact BASF representatives at 1-800-832-HELP (4357).

Application Instructions

{Alternate Text and Pictogram} [For optimum performance in overhead treatments, align the actuator opening with the mark on valve cup. When treating in a downward direction, align the actuator opening directly opposite the mark on valve cup.]

WASPS AND HORNETS: Hold container in an upright position. Stand a safe distance (e.g., 6 to 15 feet) from the nest. **DO NOT** stand directly underneath it. [Align actuator opening with the mark on the valve cup.] Aim the actuator opening toward the nest with the wind at your back. Treat the nest until thoroughly wet. Contact wasps and hornets on the nest with spray when possible. The best time of day to treat is in evening or early morning, since wasps and hornets congregate on or in the nest at these times of day.

YELLOWJACKETS AND BEES: Locate nest. [Align actuator opening directly opposite the mark on the valve cup.] Press down on the actuator and apply, using a sweeping motion, contacting any stimulated or stirred-up yellowjackets and bees around the nest opening. Then move forward to the nest opening and apply for 6 to 8 seconds directly into the nest hole.

SPIDERS (including Black Widow and Brown Recluse): Apply directly to spiders and/or webbing. Before applying, consider the surfaces for potential staining or residue that spray may contact.

Industrial Specifications

Flame Projection: >18"; no flashback

Dielectric Breakdown: 47,400 volts

[Arcing: TBD]

[Tested on Polyethylene, Polycarbonate, Noryl®, ABS-T, and ABS-SB4500 plastics with no damage.]

May cause staining (darkening) of asphalt surfaces and shingles.

STORAGE AND DISPOSAL

DO NOT contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry area away from heat or open flame and inaccessible to children.

Pesticide Disposal: DO NOT pour or dispose down-the-drain or sewer. Call your local solid waste agency for local disposal options.

Wastes resulting from use of this product may be disposed of on-site or at an approved waste disposal facility. If these wastes cannot be disposed of according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representatives at the nearest EPA Regional Office for guidance.

Container Disposal: DO NOT puncture or incinerate! Empty container by using the product in accordance with the label directions. **If empty:** Offer empty container for recycling, if available, or place in trash if allowed by state and local regulations. **If partly full:** Contact your local solid waste agency for disposal instructions.

Contains no CFCs or other ozone depleting substances.
Federal regulations prohibit CFC propellants in aerosols.

Conditions of Sale and Warranty

The **Directions For Use** of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and must be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as environmental conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of BASF Agricultural Solutions US LLC ("BASF") or the Seller. To the extent consistent with applicable law, all such risks shall be assumed by the Buyer. BASF warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the **Directions For Use**, subject to the inherent risks, referred to above. **TO THE EXTENT CONSISTENT WITH APPLICABLE LAW: (A) BASF MAKES NO OTHER WARRANTIES EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF FITNESS FOR PARTICULAR PURPOSE OR MERCHANTABILITY, (B) BUYER'S EXCLUSIVE REMEDY AND BASF'S AND SELLER'S EXCLUSIVE LIABILITY, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE, SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE OF THE PRODUCT, AND (C) BASF AND THE SELLER DISCLAIM ANY LIABILITY FOR CONSEQUENTIAL, INCIDENTAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.** BASF and the Seller offer this product, and the Buyer and User accept it, subject to these **Conditions of Sale and Warranty** which may be varied only by agreement in writing signed by a duly authorized representative of BASF.
